Are you ready to stop “F”ing around?

Are You Ready to Take Your Health to the Next Level Once and For All & Start Being The Light in The World You Were Meant to Be?

I hope I’m not shocking your system too much with my language and tough love here, but it breaks my heart to see so many amazing, conscious, deeply spiritual women who are bogged down with health stuff, or not just not living their true potential.

... And I’m not going to keep my mouth shut about it anymore! :)

The Universe is calling the feminine leaders who are going to help lead the revolution towards consciousness and healing this planet into action. If you’re reading this, then you are one of them.

I’m sure I don’t have to tell you about the shift in consciousness that is going on right now, or that old masculine structures are crumbling to make way for the feminine to take the lead.

The Universe has given you the tools you need to step up and play a bigger game; it expects it of you. In order to do that, we all need you to get your health taken care of and balance your physical body so you can go out into the world and be the light that you were meant to be.

No more trying to run a thousand watts of energy, light, and divine inspiration through that 30-watt light bulb of a body that you’ve got there. No wonder you’re burnt out sometimes!

No more playing small. If you *think* you know what I’m talking about here... then you know exactly what I’m talking about here.

Yeah, YOU.

NATURAL HEALTH & HOLISTIC LIVING

You know what I'm talking about. If you're reading this, then it's because you were *meant* to read this, and it's because you are here on this planet to do big things.

No more worrying or stressing about your health and body concerns. The Universe needs you too much right now. We need your body to be in peak performance so that you can deliver your unique messages and give the gifts that you were meant to give to the world.

Not tomorrow. Not next week. NOW.

The Universe has prepared me to take things to the next level in my life ... BIG TIME and I'm looking for 5 other women who are ready to go on this exciting journey with me.

That's why I was called to do this program.

I introduce to you the first Exclusive "Holistic Living VIP Intensive".

This is a 3-month intensive program that will be limited to five women – five exceptional women who want an inspiring, incubator-type experience for breaking through stubborn health issues and truly living holistically.

But I'm not looking for just any five women. I'm looking for the five conscious women who are really ready to link into this powerful group and grow physically, mentally, emotionally, and spiritually in ways they never thought possible.

Think I'm exaggerating? Believe me, I'm not.

This program is for you if you:

- ✓ Want to do cutting edge lab testing to pinpoint exactly what is off in your body
- ✓ Want to get your butt in gear and make exercise and fitness a habit that sticks
- ✓ Are ready to be in the best health of your life
- ✓ Know what you *should* do with your health, but just can't seem to do it consistently

NATURAL HEALTH & HOLISTIC LIVING

- ✓ Struggle with integrating lifestyle changes from the 10-Week Transformation or 7 Weeks To Super Skin Program into your life
- ✓ Have a hard time staying on track with your health when you travel
- ✓ Want to be around other conscious, spiritual, holistically-minded kick-ass women
- ✓ Want to take your life to the next level like never before

Some of us unconsciously use our health crap as a distraction to not step up and shine in the limelight like we were meant to. I'm not saying you would do that consciously of course, but you'd be surprised how many of us are doing that and don't even know it ... that's self-sabotage coming into play.

And here's where I come in...

Here's What's Included In This Exclusive VIP Program:

- ✓ A 3-day, in-person luxury retreat with Rose and the Wellness With Rose team in beautiful Santa Monica, California
- ✓ All of your 5 daily meals for the 3-day, in-person retreat
- ✓ 6 private, 1-on-1 phone sessions with Rose (Valued at \$3,300)
